NEW PRESIDENT FOR S. P. SUCCESSOR TO HUNTINGTON IS SELECTED.

Southern Pacific's New President Is Charles M. Hays of the Grand Trunk.

NEW YORK, Oct. 26.—The Evening Post says: The selection of Charles M. Hays, general manager of the Grand Trunk, as president of the Southern Pacific was confirmed today by the highest Southern Pacific authority. His appointment will be acted upon by the Board next week. He is already unanimously agreed to, however, and the Directors consider that they have been fortunate in securing the best possible railroad man for the presidency. Mr. Hays will reside in San Francisco and will have complete charge of the operations of the railroad, with Mr. Tweed as chairman in New York. It was stated today by a director there would be no fiction in the management over Mr. Hays' appointment and that he will have the cordial support of the whole Board in his plans for the development of the Southern Pacific. It is believed more modern methods of railroading will largely increase its net earning ability.

H. E. HUNTINGTON WILL HAVE CHARGE OF OPERATING DEPARTMENT

NEW YORK, Oct. 26.—There was the usual Wall street story about the president of the Southern Pacific, and this time it is that H. E. Huntington will have charge only of the operating department while Charles H. Tweed will be entrusted with the company's management and its relations with other roads. No official confirmation or denial of this story could be obtained, Mr. Tweed saying that he could not be expected to busy himself with all of the various rumors about concerning the property. As to the report current that the Vanderbilts have obtained control of the road, Mr. Tweed said: "Mr. Vanderbilt may have bought stock in the open market, but so far as I know the control of the road has not changed."

CAUGHT IN A BELT AT THE JUDSON AND NEARLY KILLED.

Joseph Doudt, an employee of the Judson Iron Works, was caught in the machinery this morning and only his presence of mind saved him from a frightful fate. As it was his clothing was torn to shreds and the flesh and muscles of his left arm were torn and lacerated in a horrible manner. The unfortunate man was in the act of oiling the journals of some of the shafting when the sleeve of his jumper caught on the set screw of one of the pulleys. Doudt was gradually being drawn toward the rapidly revolving shaft directly into the teeth of a pair of huge cog wheels, that unquestionably would have ground him to pieces, when he grabbed a stanchion and with almost superhuman effort braced himself against the force of the machinery. Although his clothing was torn away, his flesh cut and bruised and his body racked from the strain, he held on to the grip of desperation until the belt slipped from the pulley and the shafting stopped its revolutions. When the danger had passed, Doudt fell to the floor prostrated. Temporary assistance was rendered him and he was conveyed to the Receiving Hospital by Judge Coburn. Dr. Howe attended him. A deep gash was cut in Doudt's left forearm baring the bone the muscles were severed and the tendons lacerated. He was also bruised and cut about the body and head. After his wounds were dressed Doudt was taken to his home at 1167 Thirtieth street.

BROKE HIS FRIEND'S BONES BY SHAKING HIS HAND.

A hearty handshake from an old, old friend sent James Hallahan a blacksmith, to the Receiving Hospital. The bones of his left hand were dislocated by the grip. Hallahan was working away at his forge when the friend, whom he had not seen for years, poked his hand into his shop door. He was so overjoyed at seeing Hallahan that he gripped the brawny smithy by the left hand and expressed his glee by giving it a squeeze that would do justice to a vise. The blacksmith dropped to the floor and howled with pain. The friend could not imagine what caused the peculiar demonstration until Hallahan regained his feet and his hand fell limp at his side. He was taken to the Receiving Hospital, where Dr. Rowe reduced the fracture. Hallahan's home is at 1235 Thirtieth street.

HAYS IS NOW NAMED.

Report of Appointment Has Been Confirmed.

No Changes to Be Made in Officials of Southern Pacific.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Oct. 26.—Charles H. Hays, general manager of the Grand Trunk, was named today by the highest Southern Pacific authority. His appointment will be acted upon by the Board next week. He is already unanimously agreed to, however, and the Directors consider that they have been fortunate in securing the best possible railroad man for the presidency. BRYAN'S TOUR OF NEW JERSEY

Tells His Hearers the Story of Naboth's Vineyard.

NEW YORK, Oct. 26.—The second day of Mr. Bryan's New Jersey tour began in Hoboken with a meeting in the Lyric Theater. When Mr. Bryan stepped on the platform he appeared somewhat fatigued, but as his speech progressed he soon regained his wonted vigor. He said he believed that when Democratic principles as now presented were thoroughly understood they would be received as invariably in the East as in the West. He contrasted his reception in the East at this time with the reception in 1896. He said: "I did not complain when men left us in 1896, for I have always contended that a man's vote was his own and that he had a right to do with it as he pleased, and I never doubted but that the great mass of those who left us in 1896 left us because they honestly thought my election would be harmful to the country. I cannot despise the man who places his country above his party, even though I may be the loser by his act. But the principle which runs through Republican policies has become apparent on these latter questions which have arisen. I contended in 1896 that the Republican party was giving too much concern to wealth and too little to human rights, but since 1896 the Republican party has shown its disregard of human rights in ways that we did not dream of then."

Associated Press Dispatches by The Tribune's Special Leased Wire. BERLIN, Oct. 26.—The one hundredth birthday of the late Field Marshal von Moltke was marked today by Emperor William, who caused a general army order extolling von Moltke, thanking Providence for giving the Fatherland such a man and expressing the hope that the army will emulate his martial virtues and thus derive strength for fulfillment of the exalted and difficult mission assigned to it.

MARCHING TOWARDS THE PENITENTIARY

Girl Burglar Appears in Court and Hears the Story of Her Crimes.

The preliminary examination of Lucila Gardiner, the young woman accused of burglary, was held before Police Judge Smith this morning and resulted in her being held to answer to the charge before the Superior Court, with bond fixed at \$1,000. The young woman is quite prepossessing and this morning was dressed nattily in a light-colored suit, fur cape, shirt waist and heavy gray cloth walking skirt. She was very self-possessed during the proceedings and occasionally smiled at the testimony. Until recently she was in the employ of Mrs. E. Barnett at 403 Telegraph avenue. On Friday last the Barnetts reported the loss of \$100 worth of jewelry and the detectives arrested the Gardiner girl on suspicion. Her employer, through the detectives, promised her immunity from punishment if she would tell what disposition she had made of the property. She at once divulged its hiding place, in the mattress of her bed. On September 8th the residence of Louis H. Gilbert at 411 Telegraph avenue was burglarized while the family was at the Native Sons' celebration in San Francisco. A seal skin cape, drawn work handkerchiefs, some jewelry and silver table knives were stolen. A description of the property was given the police and the Gilberts advertised the fact that if the property was returned a reward would be paid and no questions asked. Mrs. Gilbert often bewailed her loss in the hearing of the Gardiner girl, and it was the latter who telephoned Mr. Gilbert at the request of his wife that their house had been burglarized. While the girl was still in jail on the charge of stealing the Barnett jewels her employer was searching her room and found in a purse in her trunk two gold lace pins that had been taken from the Gilbert residence. A further search revealed the balance of the property with the exception of the silverware concealed in the closet in the girl's room. The detectives were notified, but having knowledge of the finding of the pins told the girl they were going to search her room thoroughly, whereupon she confessed. She said the key to the back door of the Barnett residence fitted the door of the Gilbert residence, and she had entered the place while the family was away. The above facts were testified to by Mrs. R. Gilbert, L. H. Gilbert, Mrs. E. Barnett and Detectives Shorey and Holland. The silverware was recovered from the girl's sister, to whom she had given it as a wedding present.

STRIKERS RIOT IN GREAT STRIKE A CANADIAN TOWN OVER AT LAST.

Stone Soldiers and More Trouble Is Feared.

MONTREAL, Oct. 26.—There are on duty at Valley Field, guarding the extensive works of the Dominion Cotton Company, twenty-five officers and 325 non-commissioned officers and men of the Royal Scots, Victoria Rifles and Garrison Artillery, augmented by a better corps. The Victoria Rifles have a Maxim gun. The sending of reinforcements was decided on last night, after the first detachment of the Royal Scots had come into collision with the strikers, resulting in nine of their men being wounded. The Scots were at the mercy of the strikers, as Colonel Ibberton was unable to find a magistrate who would read the riot act.

The officers had to content themselves with firing their revolvers into the air. In the meantime the men were the targets for a fusillade of stones and other missiles. Fifty-three thousand men and boys between these points will therefore resume work Monday. Today the mines companies have forces engaged getting the mines in shape for resumption on Monday. At the mines all the sidings are filled with cars and the shipments of coal are certain to be large before another week ends.

MRS. HART SETTLES WITH LOOTED BANK

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Oct. 26.—The Manhattan Bank Company, from which William Schreiber stole a little over \$100,000 in two years, has made a settlement with Mrs. Annie Hart, upon whom much of the money was spent. Mrs. Hart has made a general assignment to the bank of all of the property of which she was possessed except the household furniture, her wearing apparel and so much of her jewelry as she can prove was "not" given to her by Schreiber. The property turned over is valued at \$24,000.

U. S. SENATOR FIGURES IN A BIG SCANDAL.

Sullivan of Mississippi Defendant in a Sensational Breach of Promise Suit.

WASHINGTON, Oct. 26.—A suit for \$50,000 damages for breach of promise against United States Senator William V. Sullivan of Mississippi was filed in the District of Columbia Supreme Court this afternoon by Mai Lucy Leeton of Oxford, Miss. The plaintiff in her affidavit alleges that she, "an unmarried woman, at the request of the defendant, undertook and promised to marry him and the defendant undertook and promised to marry the plaintiff, which he, without cause or right, has refused to do." The plaintiff claims she met Senator Sullivan in 1895, in his law office at Oxford, he being employed to defend her brother-in-law. She claims he made professions of affection for her, "and began by wiles and artifices to induce the plaintiff to accompany him on a journey to Chattanooga, Tenn." Plaintiff claims she refused to go with him, but allowed him to correspond with her. She was at that time married but not living with her husband. Plaintiff claims that Senator Sullivan promised, plaintiff, hearing defendant was ill, in to procure a divorce for her, "and that June 1900, came to Washington to see her and to keep her forever with him and him, and found him rooming with a woman whom he had brought from that as any lady in the land." About Holly Springs, Mass. The defendant, December 1, 1895, the plaintiff, at the offer of \$1,000 to go home and not request of the defendant, went with him to New Orleans. In January, 1896, defendant refused to do this and plaintiff, according to the affidavit filed today, defendant asked her and left her without money, food or means to live on.

SUICIDE OF A BOXER LEADER

Disgraced By Emperor He Swallows Gold Leaf.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Oct. 26.—The Chinese Minister has received a dispatch stating that King Yi, a member of the Cabinet, with Chang Lu and one of the Chinese leaders whose punishment was demanded by the powers, died of illness on the 25th instant, also that Yu Hsien, late Governor of Shansi, who is said to have been responsible for the death of many missionaries, has committed suicide by swallowing gold leaf. Minister Wu regards this act as a sign of the disaster they have received from the throne. King Yi was one of the ringleaders whose punishment was demanded by the powers. He held the position of Assistant Grand Secretary and President of the Civil Board and also was one of the statesmen making up the Privy Council of Cabinet, which is the body to meet the throne. Following the demands of the powers for his punishment an edict was issued handing him over to the Board of Censors to consult and decide upon a penalty for his misdeeds. The same edict ordered the funeral of Prince Tuan, but it was thought that the "fun" industry would cause leniency for King Yi and for others. Today a dispatch shows, however, that King Yi himself recognized that there was no hope of leniency. Although the dispatch to Minister Wu says only that King Yi "died" on the 25th, it is thought that this "death" was the natural result of the disgrace which has overtaken the anti-foreign and Boxer element.

Minister Wu's advice today also shows that Prince Tuan has been visited with severe reprobation from the throne and to such an extent that it would be no surprise if he followed the course of King Yi and Yu. He has been prevented from accompanying the imperial court to Shan Su and remains at Shui cut off from any further influence on the throne. It is expected that he will be banished, which to a Prince of the blood is worse than decapitation, and under the idea of propriety suicide is likely to be his end. Mr. Wu told his dispatch before Secretary Hay.

WILL STUDY NATURE IN ORDER TO FIND GOD.

GREAT MEETINGS * JOHN FISKE WILL
FOR BERKELEY. * TALK TO UNION.

John Fiske, LL. D., the distinguished historian, philosopher, scholar and author, has been invited by the Philosophical Union of the University of California to deliver the annual address in Berkeley on Friday, August 20, 1901. This important announcement was made today by the Philosophical Union in a bulletin containing the program of the year's work of the society.

The subject for the year will be "A Study of Evolution in its Bearing on Religion, Based on Mr. Fiske's 'Through Nature to God.'"

It is not known whether or not Dr. Fiske will be able to accept, but there are strong hopes that he will visit California and meet the Philosophical Union personally.

Dr. Fiske was born in Hartford, Connecticut, March 20, 1842; graduated from Harvard University in 1863; was lecturer on philosophy at Harvard from 1869 to 1871; instructor in history in 1870; assistant librarian from 1872 to 1873; overseer of Harvard University from 1873 to 1891; Professor of American History at Washington University in St. Louis in 1894.

Of late years Dr. Fiske has devoted his time mainly to lecturing and writing, making his home in Cambridge, Mass.

His lectures have been received with great favor not only in the United States but in England. He is one of the principal expositors of the philosophy of Herbert Spencer. Among his best-known works are "Myths and Myth-Makers," "Outlines of Cosmic Philosophy, Based on the Doctrine of Evolution," "The Destiny of Man Viewed in the Light of His Origin," "The Idea of God as Affected by Modern Knowledge," "The Critical Period of American History," "The Beginnings of New England," "Civil Government in the United States," "The American Revolution," "The Discovery of America," and one of his most important contributions to philosophy, "Through Nature to God."

The year's work of the Philosophical Union began with an address by Professor Howison, September 24th, outlining Mr. Fiske's view and argument, and forecasting the work of the Union for the year.

Next Friday evening will be held the second of the season's meetings. Professor C. M. Bakesell will read a paper on "Mr. Fiske on the 'Origin of Evil,'"

Whether Evil must be supposed a structural factor in the very being of the Cosmos, and whether viewing it so is not in fact treating Evil as Good and erasing any final distinction between the good and the bad." The discussion will be opened by Mr. J. L. Beard, '88, and Mr. C. M. Bakesell, '88.

ALAMEDA GIVES METCALF A ROYAL RECEPTION.

Congressman Makes Knockout Arguments Great Issues of Campaign Thoroughly Discussed.

West Alameda crowded the Wigwam, at the junction of Webster street and Central avenue, to the doors last night and extended to Hon. Victor H. Metcalf and Joseph R. Knowland a hearty and enthusiastic welcome and encouragement.

A big bonfire in the center of Webster street and Forep's band furnished outdoor amusement and entertainment but before 8 o'clock every seat in the Wigwam was taken and men were standing about the walls.

The interior had been handsomely and tastefully decorated by the committee with flags, bunting, a scheme of colored lights and portraits of the prominent candidates.

At 8 o'clock the appearance of J. B. Lanktree and the chairman, Philip Kierman, escorting Mr. Metcalf and Joseph R. Knowland of the Forty-seventh Assembly District. After the applause had subsided Mr. Knowland said in part:

"I know that the gentlemen who will address you tonight have deserved so well of their constituents that they need no word of praise or introduction from me and therefore the duties of a chairman will not be heavy. They have served us so well that we have renominated them by acclamation and will re-elect them with largely increased majorities. I have the pleasure to present our fellow townsman, Joseph R. Knowland of the Forty-seventh Assembly District." After the applause had subsided Mr. Knowland said in part:

KNOWLAND'S SPEECH.
"Mr. Chairman, ladies, fellow Republicans and fellow citizens—It is a pleasure to me after attending a half dozen or more meetings throughout the district to be again in Alameda and before an Alameda audience for after all there is no place like home.

"For the past week I have had the pleasure of traveling in company with Judges Ogden and Ellsworth. Following the old rule that candidates for the

judiciary must not be very active partisans nor discuss politics they have passed on them until I fairly blushed although I have served a term in the Legislature. I therefore desire to return the many complimentary things they have said of me.

"Alameda county has just cause to be proud of her candidates for the judiciary; they have proven able, honest and fearless officials, never has even the rumor of scandal attached to their acts and I am confident you will appreciate that fact by electing them by largely increased majorities.

"On October 3d I had the pleasure to address an Alameda audience and on that occasion I entered largely into the issues incident to the campaign and I will not now go over the ground again. But as I am at home I will state frankly that I am ambitious to be returned by an increased plurality. However I am not one of those who believe the people owe him something for having done his duty. If I have done my duty to your satisfaction I am content.

"But there is one matter to which I wish to again call your attention and impress upon your minds, that is Senate Constitutional Amendment No. 4 empowering the Legislature to enact a primary law that permits a party test. Adopt this amendment and the Legislature will pass a law for which there is crying need. This amendment has been endorsed by both state conventions.

"We have with us tonight a Congressman who has served us faithfully and well, his record is second to none from California in the history of the state. I believe if we return him successfully, which we will do, he will become one of the leaders of the nation in the halls of Congress. I know you are anxious to hear him and it is with pleasure that I give way for him."

MR. METCALF'S ADDRESS.
Continued applause and cheers greeted Mr. Metcalf as the chairman presented him to the audience. In part he said:

"Mr. Chairman, ladies and fellow citizens—I have been canvassing the northern part of the district, the stronghold of the enemy but tonight I feel that I am in the household of my friends. Two years ago I made my first political campaign. It had been the custom for a committeeman to meet me at the train but when I reached the town of Orinda I did not see a man whom I thought was there to greet me.

"I walked up the street and the first man I met was the editor of the Democratic paper. He pointed out the hotel and I found that the proprietor was a Democrat. He kindly volunteered to take me out and introduce me to some of the citizens. He did so. He introduced me to thirty men, all Democrats. The barber was a Democrat. I met a doctor and he was a Democrat. Then I said 'Doctor if anything happens to me in this town I presume you have a Democratic undertaker' and he replied 'right you are.' I found no preparations for a meeting but I had gone there to hold one and I was going to hold it. If I had to drag in a Democrat and talk to him, well, we finally got a hall. On the platform with me were fifteen Republicans and down in the seats were 133 Democrats. I can assure you that conditions are changed there now.

"In Colusa I met a man who had been a novel argument. He said 'I voted for Cleveland and then tried to sell a piece of property for \$500 and could not do it. McKinley was elected and I sold that property for \$2,000. Now I am going to vote for Bryan because I want to buy that property back for \$250. While I was there a petition came into the committee room signed by thirty Democrats back in one of the foothill towns asking that a Republican speaker be sent to them. If every date had not been filled I certainly should have gone.

"But everywhere, all along the line I find enthusiasm for McKinley and Roosevelt. (Cheers.) Our only danger is over confidence. The opposition is alert and straining every nerve. Every Republican should vote and see that his Republican neighbor votes and try to convert at least one who is not a Republican. A full vote on election day and California will roll up a Republican majority of from 20,000 to 30,000.

AN IMPORTANT CAMPAIGN.
"This campaign is the most important in the history of the nation. Never

have the two parties submitted such momentous questions to the votes of the people and because of their importance they should be discussed calmly and dispassionately, without abuse and vituperation. Two parties are necessary for the welfare of the country, each becomes a check on the corruption and self-aggrandizement of the other. In the struggle between the two, in striving to prove the soundness of their principles, both are purified.

"The Republican party has no politics to make in this campaign; it stands upon its record. We Republicans feel proud of the record of our party, of its great men but above all we are proud of the plane upon which it has placed labor. The Republican party has always been the friend of the laboring man. It has demonstrated this for forty years in safe-guarding and protecting him from the pauper labor of Europe. It realizes that capital and labor must go hand in hand and that each is entitled to equal protection. The American laborer is an intelligent man, a thinking man and I believe he realizes where his interests lie.

DEMOCRATIC FREE TRADE.
"In 1892 the paramount issue with the Democrats was free trade. The result was the election of Cleveland. Then for four years this country passed through a period of financial depression and disaster unparalleled in its history. In 1892 the country was prosperous, confidence was established, capital was unimpeded, everywhere there was peace, prosperity and happiness. How soon the awakening came. A few months after the passage of the Wilson-Gorman bill the country was threatened with a panic; instead of new factories the old were closed down. For the first time in its history this country saw an army of unemployed men marching to the capitol at Washington to demand amelioration of their conditions. Then as now Democrats claimed that their success was necessary for the salvation of the country. It required but four years to teach the people differently. Today the financial and general prosperity of the country is due to Republican legislation and statesmanship.

"In 1892 the paramount issue with the Democrats was free trade; in 1896 it was free coinage. In 1900 it is anti-imperialism. But one issue, the Republicans always force to the front is protection."

Mr. Metcalf briefly reviewed the tariff laws from the Madison Act in 1793 down to the present time. He also illustrated how from 1865 to 1893 the public debt had been reduced \$1,500,000,000 but in the three years of Cleveland's administration, during a period of profound peace it had been increased \$22,000,000,000. As a further illustration of the prosperous conditions locally he cited the county of Yolo where in 1898 there were \$2,500,000 worth of mortgages. These have since been reduced by \$1,500,000. Continuing he said:

PROTECTIVE TARIFF.
"I have always been in favor of a protective tariff but with restrictive immigration laws. I do not believe in enacting protective tariff, then throwing wide our doors and inviting the pauper hordes of Europe to come. Our greatest danger is indiscriminate immigration.

"I oppose in no manner the intelligent and the educated. I favor no violation of the constitution. Our forefathers extended a welcoming hand to all liberty loving people; that hand we extend but we propose to dobar the pauper and the criminal. On May 16th there landed at Castle Garden 5,500 immigrants; during the last fiscal year

448,000 came to our shores. Last year 3,335 Japs came but in 1899 nearly 10,000 have landed. Is it not time to call a halt? This is not a party question. Republicans have spoken in no uncertain tones. The Democratic party in 1896 declared for protection against pauper labor. This question will be settled in a wise and statesmanlike manner befitting the dignity of the United States."

He disproved the allegation of the Democrats that the protective tariff and the Republican party were responsible for the trusts. He compared the anti-trust planks in the platforms and showed wherein the Republicans had expressed their disapproval of such combinations in terms stronger than that of the Democrats. He referred to the anti-trust plank in the platform of 1885 written and inserted by President McKinley under which the Trans-Missouri Association and the Joint Traffic Association were declared illegal. That in 1888 when the Democrats had control of Congress they had introduced a resolution to investigate the trusts. This was referred to the Committee on Agriculture and after nearly one year spent in taking a mass of testimony the Committee reported recommending the careful consideration of the future Congress the evidence it had collected; at the same time it knew the future Congress would be Republican. What they dared not do a Republican Congress had done. He declared that Mr. Bryan is just as ardent on free coinage as he was four years ago; that the question had only been sidetracked by him; but by the people it had been effectually settled. Touching on the issue of "imperialism" he said:

IMPERIALISM.
"They charge us with a violation of the Constitution; they charge us with imposing on the Porto Ricans, taxation without representation. Only 12 per cent of the Porto Ricans can read and write. The Republican party does not believe in throwing the mantle of the Constitution around such people and bringing them into full citizenship. They say the Constitution should follow the flag. Our flag is in China; do they want the Constitution to follow it?"

"Of that 15 per cent tax imposed as they say, on Porto Ricans every dollar was to go to Porto Rico. There is no direct tax in the islands and our internal revenue laws do not apply. In addition to this tax levied for their benefit \$2,000,000 was taken from the Treasury for the Porto Ricans can read and write. The Republican party does not believe in throwing the mantle of the Constitution around such people and bringing them into full citizenship. They say the Constitution should follow the flag. Our flag is in China; do they want the Constitution to follow it?"

"We are taunted with 'imperialism' with violating that great principle 'all governments should derive their just powers from the consent of the governed.' Four-fifths of the people of this nation are governed without their consent—the women and the boys under 21. The great-hearted, broad-minded, generous, loving mothers, wives and daughters and the bright, intelligent boys, they understand the principles of this Government far better than the thousands of ignorant natives. American citizenship is priceless and should be bestowed with care.

"As much as I desire the retention of the islands if for one moment I thought the Constitution would give them equal rights with you or I, I would oppose it. Never, while I am a member of the American Congress will I vote to cast such a blight on the nation. But it is for Congress to settle the status of this question and you may rest assured that it will be settled by Republicans with honor and dignity.

"But why this hysterical outbreak on the part of the Democrats? They have never lived up to the principles of the Constitution. At the very time it was drafted slavery was in existence. Why are they so anxious over the condition of the natives in our new possessions when the negro in the South is denied the right of a vote in the Government and the right of suffrage solely to perpetuate Democratic rule in the South? The negroes are out there now fighting bravely alongside our brothers and our sons, shedding their blood while upholding the flag and the prestige of American arms. Are they not entitled to vote as much as is the ignorant native? Yet it is denied them. Expansion has always been the policy of the nation. Every acquisition has always been hotly contested. Jefferson, probably the only name revered by Democrats, was charged with entangling a heritage of woe. Bryan publicly and privately announced that he was favorable to the treaty with Spain. He resigned his position as Colonel in the army solely for the purpose of going to Washington to work for the ratification of the treaty.

AS TO AGUINALDO.
"There never was a Philippine nation; Aguinaldo was an exile; this patriot, this Washington, was bought out by the Spaniards for \$400,000 and went from Hongkong to Singapore to avoid the service of a civil process in a suit to recover a part of the money, but after the victory of Dewey he was taken to the islands in an American vessel. He was never recognized as being jointly interested in the occupation but on the contrary it was impressed on him and his people that they must recognize the supremacy of the United States."

"This war will never be ended by the lowering of our flag and the withdrawal of our troops. The issue, the war, was forced upon us and we will end it as we have all our wars. The American soldier is as brave as a lion, magnanimous to a vanquished foe and as gentle as a woman to the wounded and dying. Let us not then put arms in the hands of his enemies but let us crush out this insurrection, then go before the country and settle it and whatever the verdict we will hold it to. Whichever, Populist, Democrat and Republican, I have every confidence in my country to do this. If you could have seen as I saw the Fifty-sixth Congress at adjournment when the members regardless of party stood with their arms across one another's shoulders and all united in singing 'My Country 'Tis of Thee' you would have thought that had we done nothing else we had brought the people of this nation together and cemented them in a bond never to be broken."

In closing Mr. Metcalf paid eloquent tributes to Judges Ogden and Ellsworth and to Mr. Knowland. Of the latter he said: "I esteem it an honor to number him among my friends. I have watched his career and no man stands higher, no record is better in the Legislature than that of Joe Knowland's." Of Judge Ellsworth he said: "Father than he should be defeated I would go down to defeat myself; he is a fearless, honest, and upright Judge and I can say the same for Judge Ogden."

Three cheers for the entire ticket closed the meeting.

RECORD OF FRATERNAL NEWS.
Lodge Notes That Were Too Late for the Department.

Oakland Camp, Woodmen of the World, at its last meeting initiated two candidates. The entertainment which was to be given on the 15th has been postponed until the 12th of November. The three teams of this camp have received invitations from the camp at Benicia for November 10th, and the camp at Vallejo for November 14th. They will confer the amended degree upon a large class of candidates. State Head Organizer Temple is in Los Angeles, Organizer Warrick is in Palo Alto and Organizer Derrick is in Willows. Reports from these several organizers are very encouraging; several hundred applications have already been received from them for membership in the several camps which are being visited. The "Mineral and Variety Show and Dance" given by Spruce Camp No. 12, of Alameda, last Friday evening, was a grand success. The show was entirely first class and many who desired admittance were refused on account of lack of seating capacity in the hall. On the evening of November 13th Oakland Circle No. 25 will also give a fancy and dance at Woodman Hall. A large attendance is expected, and those who desire seats should go early.

The clerk of Oakland camp has removed his office to the tenth street, where he is placed at all times to meet visiting Woodmen.

DEGREE OF HONOR.
Lodge No. 4, Degree of Honor, A. O. U. W., held an all-attendant meeting Wednesday evening.

The chairman of the committee on entertainment stated that everything was proceeding nicely and that several of the committee were making their duty, and leaving everything for "the few to do." The entertainment and ball, which is to take place December 5 will be a very artistic affair.

No amusements were indulged in, in deference to the memory of the late Sister Mitchell, who was laid to rest last week. A great many present expressed the desire to have the memorial service on Saturday night, which is to be given in honor of the thirty-second anniversary of the founding of the A. O. U. W. After lodge adjourned the drill team went through a course of instruction.

KNIGHTS OF PYTHIAS.
Lodge No. 1, A. O. U. W., transacted business and held a large attendance at its meeting Monday evening. Two new members were initiated and several applications for membership were received.

The new members, Brothers George C. Pardee and Brother J. MacDonald Jr., in a few eloquent words expressed their gratification in becoming members of the order.

Master Workman Cogan asked those who could do so to give a hearty cheer for the lodge meeting in Berkeley on Wednesday evening.

Brother Raphael was reported as being very sick.

Brothers Tharing, Yehl, Pedrini and Harris were reported convalescent.

KNIGHTS OF PYTHIAS NO. 10.
The conferring of the Knights rank on Eugene McKelvey was the means of bringing together a large number of the Pythian fraternity at the last assemblage of this lodge, held on Thursday night, October 15th.

The drill team, under the precise management of Capt. Chancellor R. D. Kane, showed up in fine form. It was the consensus of opinion of a large number of visitors present that the floor work could easily be improved upon. A large delegation of new members of Piedmont lodge were present.

EBELL SOCIETY WILL RECEIVE ITS FRIENDS.

FINE PROGRAM FOR AFTERNOON. MRS. JOHN RUSS ACTS AS CHAIRMAN.

One of the most interesting programs of the season will be heard at the rooms of the Ebell Society tomorrow afternoon.

It will be one of the Ebell's regular "at homes," when tea will be served from 3 to 5 in the afternoon. Mrs. John Russ, who always arranges a fine program, will be chairman of the afternoon. The fact that Mrs. Russ will be chairman is a guaranty that a delightful afternoon will be enjoyed by those who attend.

The program will open with a reading by Charles Keeler, who will read from his new volume of poems entitled, "Days of El Dorado."

Next will come a duet, "Belarista" by Gast, Mrs. W. O. Cullen and Mrs. E. F. Welhe.

Then there will be a song, "Love's Rosary," by Mrs. Robert Foyle Jr. The Mandolinata Club, Prof. M. J. Ferrer, leader, will give two selections; (a) Selections from Traviata, (b) Salome.

Mrs. Carrie Brown-Dexter will delight the audience with a song entitled "Summer."

The real treat of the afternoon, though, will be the violin solo by Miss Elsie P. Sherman, who will be accompanied by Miss Claire Sherman. The young ladies have been traveling abroad and studying for the past three years. This will be their first appearance in public since their return. Great interest is being taken in their appearance, as their friends want to see what polish and improvement the "Old World" has given the young ladies.

The last number on the program will be a song "Nina Pancha" by Miss Amella Ferrer, accompanied by the Mandolinata Club.

It will be seen from the program that tomorrow will be one of the Ebell's big days.

DR. SMITH MAY BE NEW LOCAL PASTOR.

PRESBYTERIANS LIKE HIS PREACHING. DR. PATTERSON CANNOT COME.

The First Presbyterian Church has not yet succeeded in securing a pastor to take the place caused by the resignation of Dr. R. F. Coyle.

However, a number of the members of the church are inclined to extend a call to Rev. Otis A. Smith of Bay City, Mich. Dr. Smith preached two Sundays at the First Church and made a very favorable impression. He left for his home in Bay City last Monday afternoon.

Dr. Smith made the statement that if the First Church extended a call to him he would come to Oakland at once.

A great many members of the church have announced that they are pleased with Dr. Smith and would vote to extend a call to him.

The trustees, however, want to make a little further investigation. They requested Dr. Patterson of Orange, N. J., to come to Oakland and preach two sermons.

Dr. Patterson sent word today that he could not come to Oakland and further that at present he could not entertain a call to the Oakland pulpit. So there the matter stands at present.

It is not unlikely that Dr. Smith may be selected.

Rev. W. H. Layton will preach in the First Church next Sunday. He recently returned with his wife from a tour through Europe, Egypt and Palestine. While preaching in Santa Ana his congregations were large, and many were added into the membership of the church. For the present his home is in Alameda county.

REAL ESTATE IS ON THE MOVE.
Fine Sale Made of Property on Clay Street.

There has been satisfactory activity in the local real estate market. Usually it is somewhat dull preceding a Presidential election, but this year the national contest has apparently not influenced the market. Following closely upon several large sales reported last week A. J. Snyder has just consummated the transfer of the southeast corner of Clay and Fifteenth streets, 103 feet frontage on Clay and 100 on Fifteenth.

C. H. Little is the purchaser and the price was \$22,500.

in America. We selected the fabrics and know they are absolutely all wool. We dictated to the tailors how we wanted them trimmed and tailored. We suggested many new "kinks" that make them distinctive from the ordinary Ready-to-wear suits. It's like having them made by a merchant tailor, only we act as your agent.

We have an OVERCOAT now on display in our show windows on the same plan—the greatest on earth—at the same price—\$8.50.
